

## **INSTRUCTIONAL PROGRAM EVALUATION**

Clatsop Community College is committed to providing quality educational degrees/programs and maintains a comprehensive instructional program evaluation process that reviews the effectiveness and efficiency of instructional degrees/programs. The program evaluation shall include analyses as to the relevance of the degree/program to the College mission, intended outcomes, and responsiveness to community needs. The purpose of such reviews is to systematically and regularly collect, analyze and interpret information in order to continuously improve each degree/program, to guide resource allocation, and to assist the administration in making recommendations about the degree/program.

The College will have advisory committees for all degrees, programs and certificate of completion. Advisory committees, appointed by the President provide expert advice and assistance in the design of the degree/program and assist the College in the instructional program evaluation.

The President will provide a summary recommendation for each degree/program following the instructional program evaluation to the Board.

**END OF POLICY**
