Changes to CCSF Student Centered Funding

Students funded are those from priority populations:

- Low-income (Pell recipient)
- Adults (Age 25+)
- Underrepresented (race/ethnicity)
- CTE/Workforce Training (course based)

Phased in:

- 2023-25 biennium - \$25 million
- 2025-27 biennium - \$50 million
- 2027-29 biennium - \$70 million
- For this biennium this would mean extra funds allocated to Clatsop

Timber Revenue

- Timber total revenue represents approximately \$1 million annually
- \$450,000 dedicated to the General Fund
 - Long-term debt funded by timber revenue ~\$550,000 annually
- Habitat conservation plan is going to cut timber revenue significantly
- We will not have this revenue to put towards the general fund.

Moving Forward

- Increase efforts to reach out to those with some credit but no completion of certificate or degree.
- Continue DEI efforts and outreach
- Review course fees
- Need to assess organizational structure to be best prepared to serve students and maintain fiscal health.
